Campaign to keep site for holiday accommodation

A PETITION to earmark a Seaton site for hotel/holiday accommodation will be debated by East Devon District Council on Wednesday October 15th.

The petition attracted more than 900 signatures

by Anders Larsson
anders@tindlenews.co.uk

and was launched earlier this year when plans for a 100-bedroom hotel on the Harbour Road regeneration site were scrapped.

Instead it was announced that McCarthy & Stone was preparing a planning application for 43 retirement flats on the site.

A group of residents formed action group Positive Development For Everyone In Seaton shortly after the announcement.

Group members argue that a hotel is pivotal for the site as it would create jobs, attract visitors and thereby boost trade in the town.

About 100 people attended the action group's first public meeting in June.

A petition was launched and attracted more than 900 signatures.

It reads: "The residents of Seaton would like to inform East Devon District Council that they wish to see a growing vibrant town with an opportunity for tourism and trade to expand.

"We petition East Devon District Council

to only provide permission for a hotel/holiday accommodation on the Harbour Road/Tesco regeneration site (Seaton)."

McCarthy & Stone presented its plans at a public exhibition on May 29th, but has not yet submitted a planning application.

Pulman's View asked the company when it would submit a planning application, but had received no response at the time of going to press.

EDDC will discuss the petition when full council meets at The Knowle, Sidmouth, at 6:30pm on Wednesday October 15th.

Promising start for Seaton Jurassic

FOLLOWING last month's 'turf cutting' work is moving at a pace on the site of the new visitor centre, Seaton Jurassic.

The old Tourist Information Centre has been demolished so that construction on the new centre can begin and the new car park entrance, at the Marsh Lane end of The Underfleet is on schedule for completion by the end of the month.

The short stay car park is now restricted to disabled users only and from October 24th will be closed completely with all traffic following the signed roadway to the long stay car park.

The existing entrance to the car park is expected to close on October 29th at which point access to the remaining car park will be from the new entrance.

From the project's final completion next year this car park will provide 150

spaces including 15 for disabled users.

During the building this may vary slightly due to the storage of equipment and safety during the access and exit of construction vehicles.

Tourist information is being provided from the temporary portacabin, located next to the Tramway terminus.

The planning application for an over-flow car park opposite the centre on The Underfleet has been submitted (ref no 14/2293/FUL) and is available for comment via East Devon's website. Information is also on display in the town hall.

The car park, which will be used during busy periods, will be managed by East Devon District Council, and has come about following concerns that parking may become an issue after the opening of Seaton Jurassic.

A district council spokesman said: "Al-

though it will be necessary to remove the majority of the trees on this site, none are of high quality or have preservation orders."

New planting will surround the new car park to complement the landscaping of Seaton Jurassic.

The environmentally friendly building with enhanced landscaping, gardens and planting all around it, along with its integral wildlife garden will replace the existing large, concrete and unsightly car park leading to an overall gain in green space.

Redundant shrubs and bushes from the west boundary of the Seaton Jurassic site will be reused wherever possible.

Views were sought before submission of the planning application from local residents in Marsh Lane and Jubilee Lodge.

Local juniors in regional squad

STUDENTS from Colyton Grammar School, The Kings School and Sidmouth College were part of the SW Junior Orienteering Squad which took part in the recent Inter Regional Orienteering Championships in The Lake District.

Meg Somers and Dom Walker, from Payhem-bury, and Flurry Greirson, from Ottery St Mary, ran in the W14 & M14 category respectively, Dulcie Greirson, from Ottery, y and Emily Keenan, from Sidmouth, ran in the W16 category, Jonty Eaton Hart from Payhem-bury ran in the M16 category and Ellie Stone from Colyton and Grey Greirson, from Ottery, were in the W18/M18 age category.

This is the major competition in the SW Regional Squad calendar. Each region takes in turn hosting the event,

Tigers tame the young Seasiders

"**SEATON** deserve all the credit – they battled like Trojans," said Axminster Town joint-manager Keith Somers after his side eventually broke down their youthful hosts after extra-time to win 7-3 in the Devon Premier Cup.

The Greens led three times but were pegged back each time before subsiding in the extra half-hour.

AXMINSTER

£400,000 grant for college pitch

AXE Valley Community College in Axminster has started the tendering process after a bumper £417,550 grant secured its artificial football pitch project.

The grant was announced by The Football Foundation on Tuesday of last week, prompting headteacher Martin Smith to say: "We are thrilled to have received this grant.

"It will transform the educational sporting opportunities for students at the college and other schools.

"It will also provide clubs in the area first class facilities to enhance the opportunities to develop grassroots sports, especially football.

"We are grateful to all our community partners including Millwey Rise FC, Axminster Town FC and Leisure East Devon (LED) for their support in developing the project.

I would also like to thank Devon FA, Axminster Town Council and Devon County Council for their support and assistance."

The total cost of the pitch is £675,000, with money also coming from Devon County Council (£170,000), LED (£30,000) and the college (£60,000).

The full-size artificial football pitch will boast what is known as a third generation surface and come with floodlights.

It will be laid on the college sports field, and the work is expected to take 12 weeks.

Mr Smith said a start date is not yet set, but promised to keep the community as a whole updated.

It hasn't been plain sailing all the time for the college, as there is an element of opposition to the pitch.

The pitch will be available for hire outside of college hours, which is what worries some neighbours.

From the editor's chair Have we missed something?

IF I was a district councillor in East Devon I think I might be asking a pertinent question or two about why elected members had no previous knowledge that chief executive Mark Williams had been summoned before a Government select committee.

So I have some sympathy for the view expressed by experienced Ottery St Mary councillor Roger Giles when he said: "I would have thought that it might just have been of passing interest to the members of EDDC", noting that in his 19 years of service he could not remember the chief executive being invited to meet with such an august body as the Political and Constitutional Reform Committee on Voter Engagement in the UK.

Why Mr Williams was summoned before the parliamentarians yesterday (Monday) is a matter of interpretation, as is often the way in local government.

The matter was first raised by Paul Freeman, a member of the East Devon Alliance, a

pressure group which rarely shies away from rattling a few cages at Knowle, making the alarming claim that 6,000 names had gone missing from the electoral roll in East Devon before the European elections.

Mr Freeman asked a question about the matter at the last full meeting of EDDC back in July and the Alliance claims he was given, and I quote, "an arrogant brush off" by Mr Williams.

Mr Freeman did not let the matter rest and maintains that Mr Williams had been invited to Westminster to "explain himself".

As to be expected, the communications department of EDDC put a very different spin on it. They say Mr Williams had been invited in his capacity as returning officer for East Devon "to give evidence on voter engagement in rural areas".

Furthermore, EDDC claim that the 2013 Electoral Register in East Devon achieved a 95 per cent registration rate without house-to-house canvassing. They have now recruited can-

vassers with the target of calling on every house in East Devon.

From recent television coverage, appearing before select committees never seems to be a very comfortable experience and it often annoys me that parliamentarians who have been caught with their fingers in the till, and still continue to milk the system, act in such a high and mighty fashion.

Politics, both at national and local level, is all about transparency these days and local government officers have to be squeaky clean to stay ahead of the game.

A great deal of council business is delegated to unelected officers and that often means the flow of information to councillors, and indeed the public, leaves much to be desired.

Roger Giles, somewhat tongue in cheek, commented: "Have I missed something?" Clearly he had - like the rest of us.

Philip Evans

SEATON

Campaign to keep site for hotel

A PETITION to earmark a Seaton site for hotel/holiday accommodation will be debated by East Devon District Council on Wednesday October 15th.

The petition attracted more than 900 signatures and was launched earlier this year when plans for a 100-bedroom hotel on the Harbour Road regeneration site were scrapped.

Instead it was announced that McCarthy & Stone was preparing a planning application for 43 retirement flats on the site.

A group of residents formed action group Positive Development For Everyone In Seaton shortly after the announcement.

Group members argue that a hotel is pivotal for the site as it would create jobs, attract visitors and thereby boost trade in the town.

About 100 people attended the action group's first public meeting in June.

A petition was launched and attracted more than 900 signatures.

It reads: "The residents of Seaton would like to inform East Devon District Council that they wish to see a growing vibrant town with an opportunity for tourism and trade to expand.

"We petition East Devon District Council to only provide permission for a hotel/holiday accommodation on the Harbour Road/Tesco regeneration site (Seaton)."

McCarthy & Stone presented its plans at a public exhibition on May 29th, but has not yet submitted a planning application.

HONITON

Young attracted to betting culture

YOUNG people in Honiton are in danger of being drawn into an addictive gambling culture unless more is done to regulate betting shops, a senior local politician has warned.

Caroline Kolek, the Labour Party spokesperson for the Tiverton and Honiton constituency, has called for greater monitoring of the industry to prevent youngsters being "targeted".

Mrs Kolek, who is also a town councillor, said young gamblers were particularly "vulnerable" to fixed odd betting terminals (FOBTs), which allow gamblers to play for higher stakes.

"These betting terminals have become popular with younger people who sometimes lack the resilience and self-regulation that comes with maturity, making them vulnerable," she said.

"The young men I am aware of using these terminals often use them when alone, which again makes them an easier target."

Leading betting chains including William Hill and Coral, which both have outlets in Honiton, have recently signed up to a voluntary code of practice designed to promote responsible gambling messages.

SIDMOUTH

Winter blanket to protect seafront

IMPORTANT work to shore up Sidmouth's beaches against the threat of winter storms could begin in the next few weeks, if East Devon District Council can secure government cash within a tight time schedule.

Redistributing shingle on the beaches would create a protective "winter blanket", according to district council bosses.

But there is a narrow window of opportunity to access government funding to restore the seafront to the condition it was in before last year's storms.

Work must begin this autumn if financial support is to be approved, and EDDC engineers are currently in talks with officials from the Environment Agency to see if the funding can be secured.

Councillor Andrew Moulding, the council's deputy leader and chairman of a group looking into longer-term coastal defence issues for Sidmouth, said: "This is a window of opportunity to provide the seafront and Sidmouth East Beach with a protective 'winter blanket', using emergency funding that is available now.

"We are determined to grasp this opportunity if it is humanly possible to do so."

Husband and wife recognised for dealing with effects of stroke

by Anders Larsson
anders@tindlenews.co.uk

A HUSBAND and wife from Seaton have both been presented with a 'Life After Stroke' certificate from the Stroke Association after the former suffered a stroke.

David McDonough, 55, was awarded the certificate in recognition for his bravery in coming to terms with the effects of stroke.

David's wife, Valerie, was also recognised with a certificate in honour of the support she has given David throughout his recovery.

The East Devon couple was presented with the certificates by radio presenter John Darvall in Weston-super-Mare on Wednesday, October 1st during the Stroke Association's South West Life After Stroke Awards.

David, was a milkman before his stroke nearly four years ago in December 2010. His wife Valerie recognised his symptoms from the FAST advert and called 999.

Despite her quick response, he was badly affected by his stroke and his chances of survival were less than 50 per cent.

However, David pulled through. After six months of rehabilitation in hospital, he is now in a wheelchair but remains determined to make the most of life.

David said: "It can be very frustrating because I can't drive and we had to leave our home because it was unsuitable for my level of disability.

"But we have started a new chapter in our lives. It was great to receive this award because it recognises the courage and determination it has taken us to get this far. It was wonderful to meet other people who have gone through similar things at the ceremony."

David, who put his wife Valerie forward for her award, added: "I nominated Valerie for her total commitment, support and loyalty.

"I was worried that the disability I was left with and the emotional strain caused by stroke would be too much for her but she has proved me wrong. I love her to bits, she is my rock. I'm very lucky."

The Stroke Association's Life After Stroke Awards recognise the courage shown by stroke survivors and carers as well as the great work and commitment shown by health professionals, groups and supporter organisations.

Sarah Miller, service development manager for the Stroke Association in the South West continued: "We were delighted to celebrate David and Valerie's great commitment to each other and progress they have made in recovering from David's stroke.

"A stroke happens in an instant and often changes lives forever.

"Our regional event highlights the tremendous courage people have shown in rebuilding their lives, or in helping others to do the same.

"If you would like to nominate someone for their recovery or for doing something incredible to raise vital funds for people recovering from stroke, please nominate them for next year's awards. Together we can conquer stroke."

Next year's nominations open on November 5th this year. For more information, visit www.stroke.org.uk/LifeAfterStrokeAwards

David and Valerie McDonough with the Stroke Association's information, advice and support co-ordinator for East Devon, Bryonie Falkingham

SEATON CHURCH LEADER SIMON CONTINUES FUNDRAISING FOR GAMBIAN TOILET PROJECT

SEATON Baptist church leader Simon d'Albertanson will continue his school toilet fundraising with the the Gambian Café Church, which takes place at Crossroad Christian Centre, Homer Lane, on Sunday, October 19th from 5pm.

He was inspired to do something about the terrible condition of some of the toilets he saw during his time in The Gambia.

Simon said: "While we were in The Gambia, we made links with Glory Baptist Church (GBC), who do brilliant work by running a number of schools for children who would otherwise be unable to afford an education.

"As a church we have recently twinned with GBC, and a practical way of expressing our new link is to support them in the very practical provision of some desperately needed toilets.

"I won't go into details, but the current situation is not good and around £800 would make a massive difference to the daily lives of these children at school."

Having joined N1 Triathlon Club at the beginning of the year Simon has been training hard and completed a half Iron distance triathlon (1.9km swim, 91km bike

and 21km Run) in Weymouth in six hours 25 minutes in summer.

In September he did it all again, this time at the 2012 Olympic Rowing Venue at Eton Dorney in a time more than 40 minutes faster - five hours 43 minutes.

The challenges were ideal fundraisers and Simon said: "Thanks to the huge generosity of friends and family, we've raised almost £500, so are over half way there."

Organised with the support of Christians Together in Seaton, the Gambian Café Church will feature do-mada and tapalapa (Gambian food), an Africa quiz with prizes, and a chance to try out some authentic African instruments.

Simon will even be wearing his Gambian Shirt. Entry is free, and there will be an opportunity to make a contribution to the work of Glory Baptist Church (Gambia) Schools Project.

You can also sponsor Simon at <https://my.give.net/sbc/Donate/GiftDetails> (all donations will be routed through the Seaton Baptist Church account to enable Gift Aid to be claimed).

County council to keep all its libraries open after consultation

DEVON County Council (DCC) will keep all its libraries open and run by professional staff.

The decision came after a previous proposal to make a string of libraries second-tier, and volunteered facilities without professional librarians as part of a £1.5million cost-cutting exercise was strongly opposed in a public consultation exercise.

As a result, DCC has looked at how other councils have transferred their libraries into mutuals or trusts.

Staff previously employed by those councils, have been retained and continue to professionally run the libraries. DCC thinks that model could work well for Devon and all communities with a library will get involved over time.

Transferring the service to a trust or mutual could save the council at least £400,000 a year in business rates.

As a first step, DCC wants to work with up to 10 communities as pilots to help shape the new organisation and try out new ways of involving the local community.

The plans were announced alongside an initiative to bring free wi-fi to all 50 DCC libraries.

Councillor Roger Croad, the council's Cabinet member with responsibility for the library service said: "Library users have told us how much they value their libraries and that they are prepared to support their library to improve the service.

"They have also told us that, while communities can be more involved, retaining our librarians is really important for libraries to continue to be run professionally.

"Community groups already provide support to some of our libraries, helping them to raise funds for improvements or to help out at events."

A DCC spokesman added: "We'll be inviting communities towards the end of the month to let us know if they would like to be part of the pilot.

By Anders Larsson
anders@tindlenews.co.uk

"We expect that the pilot will take about 12 months, and in the meantime, all our other libraries will continue to provide their usual service.

"We are planning over that period to upgrade our libraries that do not yet have free wifi access, and we want to install new technology in some communities to allow people secure access to their library outside the usual opening hours.

"Both of these projects are improvements that people have said they would like."

Axminster has already made a move with a view to become one of the pilots.

Councillor Croad and head of libraries Ciara Eastell met with Axminster county councillor Andrew Moulding and town mayor Jeremy Walden on October 10th.

Councillor Moulding said that the concept of the new operating model and framework were explained.

"Questions regarding the financial case were answered and it was agreed by all concerned that the key would be to engage with the library staff.

The growth of Axminster was discussed and the potential for responding to this growth was recognised and mention was made of possible financial assistance through Section 106 or Community Infrastructure Levy.

Councillor Moulding commented "The meeting was extremely useful and demonstrated that there was a great passion for Axminster Library.

"We were particularly pleased that the proposed Operating Model would retain the expertise and efficiency of staff at Axminster Library."

District councillor asks 'why weren't we told?'

CHIEF EXECUTIVE SUMMONED TO PARLIAMENTARY SELECT COMMITTEE

EAST Devon District Council (EDDC) has been accused by one of its own of keeping elected members in the dark about chief executive and returning officer Mark Williams being summoned to appear before a Parliamentary Select Committee.

A report by the Electoral Commission identified EDDC as falling short of canvassing requirements to register households in person ahead of changes to the registration format in June this year.

The report in itself is not new, but district councillor Roger Giles, representing Ottery St Mary, said there was no EDDC communication whatsoever about Mr Williams' trip to the capital, which was scheduled for yesterday (Monday, October 13th).

Instead, news of the trip was broken by the East Devon Alliance, a non-political-party-organisation for pressure groups.

Councillor Giles said: "Have I missed something? I regularly check the messages emanating from The Knowle but do not seem to have been told by EDDC of the chief executive's major achievement in going before a group of parliamentarians.

"I'm not sure how many times the EDDC chief executive has had such an exalted engagement in

his diary. I am not aware of such elevation in my 19 years on EDDC.

"I would have thought that it might just have been of passing interest to the members of EDDC. Funny how the EDDC communications work."

An EDDC spokesperson didn't comment on the alleged lack of information, but said: "It should be remembered that Mark Williams will be giving evidence to the Political and Constitutional Reform Committee on Voter Engagement in the UK in his capacity as returning officer for East Devon and not as chief executive of the district council.

"He and his Mid-Devon counterpart have been invited to give evidence to the committee as part of a discussion on voter engagement issues in rural areas.

"Here, the process of voter registration is more time-consuming, more resource-hungry and therefore more challenging.

"For the December 2013 Electoral Register, East Devon achieved a 95 per cent registration rate without house-to-house canvassing.

"We have recruited canvassers and will be carrying out a house-to-house canvass with the target objective that every occupied house in the EDDC area will have been visited."

Activists aiming for a circle of change

ANTI-climate change activists hope that enough people will turn up to form a circle of hand-holding around The Minster in Axminster.

Axminster Churches Together and Christian Aid invite people to go to Minster Green on Saturday October 18th for 10.30am.

Simon Byworth of Axminster Churches Together said: "We decided our aim was to galvanise

the public, and also our leaders, to the importance of timely action to combat climate change.

"After discussion, we thought that a short but effective gathering on Minster Green would be a good way to proceed. "We envisage people assembling on Minster Green to make one or more concentric circles holding hands around The Minster and making a spectacle.

"We will be personally

inviting the schools plus parents in the town to participate with us, and will notify all the schools in the wider locality – trusting especially that those with an environ-

mental awareness will be glad to join in.

"Fliers and posters will be available, we hope to sing a modern relevant song and maybe be accompanied by drums!

"We hope participants will choose to wear bright clothes."

Mr Byworth also said that MP Neil Parish has accepted an invitation to the event.

Stove company in best of British show

AXMINSTER-based Arada Stoves was selected to exhibit at The Best of Britannia Show, London, in early October.

The show focused on "the very best of British design", showcasing a range of British brands to more than 6,500 visitors including 2,500 or so trade buyers invited from across the globe.

The show ran from October 2nd-4th, and Arada commercial director Mark Brettell commented prior to the show: "We are thrilled to have been selected to take part in this year's Best of Britannia event and also to be supporting Buy British Day.

"We pride ourselves on our British stoves and manufacturing, keeping all sourcing of materials as local as possible and making sure our stoves are built for the British home and way of life.

"This event is really going to give us an opportunity to shine and promote our work here in Devon whilst allowing us to tell people what we do and why people should get behind British brands."

Harvest support for foodbank

■ **CENTRE chairman Gillian Perrow and co-ordinator Sara Waplington with some of the harvest festival food**

STAFF and helpers at Axminster foodbank Canned Sunshine have been overwhelmed by the generosity of primary schools in and around the town.

Following harvest festivals, Musbury, Kilminster, St Mary's and Axminster primary schools have donated considerable amounts of food.

Donations are also coming in from members of the public directly to the foodbank and through the Co-op (West Street branch) collection point. The foodbank is run by Axminster Health & Wellbeing Centre whose chairman, Gillian Perrow, praised

everyone who had supported the foodbank one way or another.

About the food from the harvest festivals, she said: "Look at all the effort that has gone in."

Items such as tinned meats, soups, tinned fruit, tinned vegetables, pasta sauces, powdered milk, condiments, toiletries and toilet roll are always in demand.

Gillian said that, on average, Canned Sunshine currently helps about 20 people each week. If you would like to donate, drop off points are at the centre and at the main Co-op in Axminster.

■ **DECLARED OPEN: The Mayor of Axminster Councillor Jeremy Walden cuts the ribbon accompanied by headteacher Martin Smith**

College library is revamped

AXE Valley Community College has turned its "cramped" library into a "comfortable" learning resource centre.

The new centre represents a change in philosophy, as headteacher Martin Smith explained: "We wanted to create an environment which inspires our students to read more while in school.

"Library loans have always been very strong, especially since the introduction of the Accelerated Reader scheme six years ago. However, our old library was cramped and did not invite young people to want to sit and read.

"Now, we have stripped out a lot of the less-used non-fiction material and extended the number of PCs available, to ensure that all students can undertake research.

"The extra space generated has been used to create comfortable seating areas where students can relax and read."

The centre was formally opened by Axminster Mayor Jeremy Walden on Monday October 6th, and Mr Smith added: "I would like to thank the mayor for his support and a special thanks goes to Mrs Roberts, our new co-ordinator, for the sterling job she has done in creating the new centre."

Specialist Dementia Care in Exmouth & Devon

**Give Your loved One The Gift
Of A Fulfilling Life At Rose
Lodge Care Home**

Imagine the peace of mind you'll feel knowing that your loved one is getting the best possible care in a loving and understanding environment. Located in the delightful seaside town of Exmouth, Rose Lodge is the perfect place for people living with Dementia to experience the highest quality of life.

Caring for someone with dementia yourself can be tiring and often very distressing. Coping with someone whom you may have known and loved for years but who may now often fail to recognise you can be desperately upsetting and difficult to deal with.

Rose Lodge is an active and social home. We have found that people with dementia are generally happier when they are supported to be as active and independent as possible. Our weekly activities programme includes gardening, live music, drama, singing, crafts, a pub quiz, rambling, art, and trips out, as well as individual occupational activities.

So, moving into a home like Rose Lodge is the perfect way for you to give your loved one the best quality of life. In our 2011 relatives survey, all relatives agreed that Rose Lodge offers an excellent quality of care and that their loved one's wellbeing has improved significantly since they joined Rose Lodge. All of them said they would recommend Rose Lodge to their friends.

We offer DAY CARE, RESPITE CARE and RESIDENTIAL CARE and free trial days.

**Please call Peter or Karen now on 01395 227071
to discuss your needs.**

News briefs

Is it slippery yet?

DEVON County Council says the unexpected appearance of gritting vehicles on Tuesday October 7th was simply a test.

Pulman's View were contacted by members of the public who questioned the need for gritting vehicles in Axminster on that date as there was no snow, nor a cold snap.

A DCC spokesperson investigated and replied: "The gritters aren't gritting. They're just testing a new GPS system."

Wing mirror damaged

THE wing mirror of a car was vandalised when the vehicle was parked in the Foxhill area of Axminster at some point between 6pm on Sunday September 28th and 4pm on Wednesday October 1st.

PC Simon Rodgers said: "Anyone with information is asked to contact police on 101, quoting reference CR/111278/14."

Coffee and Zumba!

A COFFEE morning and evening zumbathon raised more than £130 for good causes at Axminster Leisure Centre.

The Macmillan coffee morning, part of their World's Biggest Coffee Morning, raised £55, while the Zumbathon, in aid of local charity The Project, which helps young people with emotional problems and mental health issues, raised about £80.

Health and fitness team leader Vanessa Cross and instructor Kelly Locke, both from Leisure East Devon, led the Zumbathon.

Vintage support for skatepark plan

■ **CALL HANDLER:** Jake Plucinski

A VINTAGE fair in aid of Axminster Skatepark Fund proved a roaring success, with the Guildhall resembling the setting of a period drama.

A total of £827 was raised and many of the visitors donned period costume. Organiser Eve Chubb was extremely pleased, and said: "The Guildhall was buzzing with some people arriving in vintage dress, very stylish and elegant."

"I have never taken so much notice of the way folks dress, they could have all got on the catwalk."

"Once again the skatepark friends were the stars of the show."

"Our beautiful models were a bit nervous but looked fabulous and, as for the unexpected finale, Alex Hartnell, Jason Dickens and Pete Measures put on dresses and strutted down the catwalk and boosted

the collection boxes to a new level."

The event was compered by Axminster town crier Nick Goodwin, and also featured The Lyme Bay Lindy Dancers.

Skatepark fund steering group members helped with taking entrance fees, selling raffle tickets, cakes and shifting props.

Eve said: "We could not have managed without them. Our guests, MP Neil Parish and councillors Andrew Moulding, Jeremy Walden, and Iain Chubb, who have been at the forefront of this project, had their pockets emptied into the collection boxes."

"The evening was a shining example of the kind, spirited, and vibrant community of which I'm proud."

"Thanks to Rachel and Jane

Cooke, who have opened my eyes into a whole new world and the encouraging requests from traders for more stalls has me looking forward to organising the next event."

The aim is to improve and expand the current skatepark at Cloakham Lawn with a pre-cast concrete design. The new and improved skatepark will be in memory of Tom Chubb, who died in a car crash on the A358 at Musbury in 2012 at the age of 18. Tom spent a lot of time at the skatepark, and the steering group is made up of youngsters and adults alike, including Tom's mum Eve and his brother Ed.

Grant applications are currently being worked on. More information is available at www.facebook.com/FixAxminsterSkatepark.

■ **GOOD TIME:** Town crier Nick Goodwin, View From's Jenna Wellman, Eve Chubb and Mayor Jeremy Walden

■ **VINTAGE:** Revellers were happy to pose for the camera with MP Neil Parish

Beer briefs ...

THE traditional Charm Chrysanthemum Show will be held on Saturday November 1st – but has been re-branded into the Beer Autumn Show.

Organised by the Beer Horticultural Society the show, which will be held at the Mariners' Hall, will include classes not just for chrysanthemums but also flower arranging, poetry, baking, photography, preserves, homecraft, driftwood arrangements, wine and beer plus numerous classes for children.

Prizes are sponsored by local businesses and residents and the awards ceremony will be held at 3.30pm. All entries on show day are to be made between 9am-10.45am.

Show schedules and entry forms are available from Beer Post Office and other local shops.

★ ★ ★

BEER Sailing Club will host a meeting of the Jurassic Coast Team on Tuesday, November 11th (10am-2pm) at which they will explain their work and give a presentation.

"We are going to invite local businesses for an exchange of ideas and re-enforce the importance of the Jurassic Coast," said Mike Green, who is a Jurassic Coast Ambassador.

★ ★ ★

THE Beer Film Society will be showing the highly acclaimed adventure/comedy *The 100 Year Old Man Who Climbed Out Of The Window and Disappeared*, based upon the international best-selling book, at Steamers Restaurant on Monday October 27th.

Doors open at 7pm for a 7.30m start and guest tickets are available on the evening.

★ ★ ★

THE band night scheduled for the Mariners Hall on Friday, October 31st has been cancelled.

Farmer's plea to dog owners

BEER farmer John Fuke has made a plea for dog owners to keep their animals on a lead – after one of his prized ewes was killed in a savage attack.

Fuke, who runs Couchill Farm just off the Beer Road halfway towards Seaton, found the pedigree Poll Dorset ewe dead near the entrance to his farm last month and from the injuries believes the death was caused by a dog attack.

"The dead ewe was found near a public footpath and she had had her ear ripped off and injuries to her throat and neck," said Mr Fuke.

"Looking at the injuries I think that could have only been caused by a dog. It is a real shame when something like this happens and luckily this is the first time this year it has happened to us."

Mr Fuke reported the incident to the police and the National Farmers' Union (NFU) as they carefully monitor the number of incidents of

dog attacks on livestock.

"Really I cannot emphasise strongly enough that dogs need to be kept on leads at all time when in the countryside," added Mr Fuke.

"You get people who say my dog wouldn't do that but at the end of the day a dog is a dog and how do the owners know what they are doing when they are let off the lead and run off?"

"I would ask people walking through the woods near the farm to keep their dogs under control at all times."

Mr Fuke also stressed that dog dirt was also a real threat to livestock so was another reason why the owners should keep them on a lead at all times when walking in or near farm land.

● IN AN unrelated crime 35 Suffolk Cross Mule ewes were recently stolen from a farm in Farway. The value of the ewes was around £4,000.

No budget for flood warning

PLANS to install a rain gauge in Beer to warn against flash flooding have been sunk.

Cutbacks to the budget for the Environment Agency resulted in the £5,000 grant earmarked for the project being axed leaving the hopes of Councillor Trevor Wood high and dry.

"The Environment Agency no longer has the money and while Devon County Council said they would put in £3,000 it ultimately means we (Beer Parish Council) would have to find the extra money," said Councillor Wood at

the monthly meeting on Tuesday.

"I think the fact that Beer survived all the heavy rainfall we suffered in January and February without any major flooding raises the question as to whether the village needs a rain gauge."

Fellow councillors said that without funding the project could not go ahead and Councillor Wood, while initially supporting the experiment, concurred.

"I think spending any money on keeping the brook clear would be far more beneficial," said Councillor Mike Green.

Year Six students get 'in the hood'

STUDENTS in Year Six at Seaton Primary School got a welcome surprise recently when the school's PTA gave each of them a school hoodie to wear throughout the year.

The hoodies feature the logo on the front and list the names of the students in the figure of 15, the year in which they will finish their time at the primary school, on the back.

They are designed as a leavers gift from the PTA, but rather than waiting for the students to leave, the PTA decided to give the hoodies at the start of the academic year so that

they could wear them throughout the year at school and at events.

The school's head of teaching and learning, Kate McFarlane, said: "All at Seaton Primary School are thrilled with the PTAs generous gift of leavers hoodies.

"Our Year Six students have wasted no time and are already proudly wearing them!

It is a lovely way to recognise Year Six's special place in our school.

"On behalf of students, parents and staff, I'd like to say a heartfelt thank you to Seaton

Primary School PTA for this gift and indeed for all they do for our students."

The PTA raises much needed funds for the school each year which is spent on equipment and resources to enhance the students' education and facilities in school.

Later this term they will be organising their popular free Christmas Bazaar, which includes everything for Christmas from chocolate tombolas, local crafts and handmade presents, cakes and jams to glitter tattoos, badge making and more. Entrance is FREE.

Seaton Primary PTA members Trudi Hartnell, Karin Frewin and Kath Mitchell with the school's head boy and girl modelling their hoodies

Harvest sing-song for Seaton pupils

SINGING and hard work were two of the ingredients for Seaton Primary School's harvest festival in St Gregory's Church.

Pupils sang harvest songs and shared work they have been doing about harvest, and each child brought an item of food which will be donated to Food-

bank Seaton.

The festival was held on Friday, October 10th and the above photo shows a group of Year Two pupils.

Sale has bargain hunters queued around the corner

COLYFORD Memorial Hall trustees and helpers ran a very successful jumble sale to raise funds for the hall.

The successful event, organised by hall committee member Katie Sivier, saw a queue to grab the best bargains stretched right across the car park before the 2pm opening time, with items on offer including bric-a-brac, clothing, toys, electrical goods, furniture, books, crockery and glass.

Teas were also served to buyers who welcomed a cuppa after bagging the bargains.

Simon Card, chairman of the trustees, said: "It was a really good afternoon with lots of interesting and unusual items for sale and the funds raised will be used to keep the hall in good shape to ensure we are one of the best village halls in East Devon. Katie and all her helpers did a great job."

A total of £580 was raised at the event.

Guides to hold book sale

THE 1st Colyton Guides will hold their annual book sale on Saturday, October 18th from 9.30am to 4pm at their headquarters in Rosemary Lane.

Donations of books would be welcome and can be brought to the HQ on Wednesday afternoon or evening, or call 01297 552065 for collection.

Crew's car wash raises £146

THE recent car wash organised by members of Colyton Fire Brigade raised a total of £146 for the Fire Fighter's Charity.

The crew would like to thank all those who supported the event.

■ **TESTING THEIR KNOWLEDGE:** Quizmaster Simon Card with members of the Friends of St Michael's and quiz-goers

Church friends host fun quiz night

MORE than 50 people attended a quiz evening at Colyford Memorial Hall last week to raise funds for the Friends of St Michael's Chapel in Colyford (FOSM).

FOSM aims to assist with the maintenance of the grade II listed Victorian church and to support current and future projects.

A wide range of questions were asked by quizmaster Simon Card covering food and drink, geography and countries and general knowledge as well as a round on the theme "not what it seems" and a picture round.

Cheese and wine was served to those taking part with the winning

team receiving bottles of wine for their efforts and wooden spoons for the losing team.

Margaret Nicholson, FOSM membership secretary, said: "Everybody really enjoyed themselves and it was a great way to have a fun evening out and raise money for the Friends."

Mr Card added: "Although some of the questions were challenging, at the end of the day all the scores were pretty close together. The important thing is to have fun as well as contributing to funds for an important part of our local community."

Top special offers at Mole Avon's pet and equine day

MOLE Avon Town & Country Stores will be holding a Pet & Equine Event Day at its Axminster branch this October.

The event follows on from the successful days that were held in all its stores last year – only this time even bigger and better and packed full of fantastic one-day-only offers!

The event is on Saturday, October 18th at Station Yard, Axminster, from 9am to 3pm and will feature one-day-only special offers – 15 per cent off all equestrian products including stable and grooming equipment, feeds, bedding, rugs and rider clothing. Plus 15 per cent off all pet products including cat, dog and small animal food, accessories, toys, treats and wormers. These discounts are on top of any existing offers in store!

There will be a horse rug sale, bring in your horse rugs for cleaning or repair by Annie's Equine Laundry, plus pop in and enter the free prize draw for a chance to win great prizes, including tickets to the Westcountry Equine Fair at Westpoint, a year's supply of Skippers dog food and a Musto jacket to name a few.

The store will be hosting unique attrac-

tions focused around the pet and equine theme, including Ferne Animal Sanctuary, riding barefoot with Rachel North, Equine Therapeutics, dog agility training with Selina Short, Munchkins Miniature Shetland Rescue and a pet and equine photographer will be in attendance. Specialists from suppliers will also be in store offering help and trusted advice – something for everyone in pet and equestrian.

Don't forget, Mole Avon Town & Country Stores delivers free to most local postcodes on orders over £150 – ideal for all those bulky feed and bedding purchases, extra added value on top of the event's great discounts!

Rosie Herrod, the store manager, and her staff are excited to be hosting a fun-filled day and look forward to welcoming both new and existing customers in store.

For further information about these events or for any other query, contact Mole Avon Town & Country Stores Axminster branch on 01297 32441.

Pictured above are customers and staff at last year's event.

Probus Club learns history of airfields

WHEN you think about it, the bulk of us live in our own cocoon and contribute little to society. The "enthusiast", on the other hand, gives pleasure in the present, hope for the future and pride in the past.

Steve Parsons is such an enthusiast; with others he set up the South West Airfields Heritage Trust in 2004 and told Axminster Probus Club about it at their October meeting. With three wartime Blackdown Hills airfields in mind, the intention was to research their wartime history and to ensure that the sacrifices of those who flew from them should not be forgotten.

To that end, plaques or memorials have been erected at each, as well as at the headquarters in Exeter and a museum has been opened at Smeatharpe. Better known to the Americans as Uppottery, Smeatharpe was home to the air-borne and glider-borne troops who would play their part on D-Day and would be brought back

to life post-war when the film Band of Brothers was seen departing from there.

Dunkeswell was primarily occupied by the only operational US naval base in Europe with Liberators flying long hours at extreme range on anti-submarine sorties. An obscure fact has been discovered – that Eisenhower was taken from Culm Head to Musgrove Hospital where he was treated for a heart problem, obviously a deep secret at the time. Woodbury Common was used as a decoy airfield and there are no doubt other forgotten facts to be discovered.

In 2015, the trust is staging the WW2 Experience, which sounds like one for the diary.

The Axminster Probus Club for retired and semi-retired business and professional men (members pictured above) meets at the A35 Pit Stop, Gammons Hill, Kilmington on the first Tuesday of each month. For further information ring 01460 220528.

Forensic scientist visits Phoenix Club

FOLLOWING a summer break, members of Axminster Phoenix Ladies Club reconvened in September to hear forensic scientist Dr John Twibell talk about his work and particularly his connection with Plant Heritage, Devon Group.

Nationally, Plant Heritage seek to conserve and sustain plants and to provide food and shelter for animals and wildlife. With the expansion of climate change, conservation is both challenging and essential at national and global level.

Phoenix Ladies learnt that Devon Plant Heritage was founded in 1982 and has about 400 members as well as 40 national plant collections. Members are encouraged to give talks, attend horticultural events and open their own gardens to visitors. As local chairman, Dr Twibell stressed the importance of education as well as encouraging young people about the Earth's

national resources and the importance of conservation.

The Phoenix chairman informed the ladies in attendance that the August coffee morning raised £385 and thanked all concerned for their hard work. During the business section, members voted for this year's shopping trip on Wednesday, November 26th to be held in Plymouth - the coach is booked and seats are available at a cost of £12.50, including tip for the driver. For further information or seat reservations contact 01297 33420.

At the October meeting members will vote for this year's charity, which will receive a £300 donation. Nepalese student Aita Kumari's grant will also continue as in previous years. A report from Elizabeth Rutter, following her last visit to the school, informed us that she is studying hard and grateful for our continued support.

■ **NEW WHEELS:** Members and supporters of Axe Valley and West Dorset Ring & Ride launch their new £28,000 bus

Ring & Ride service launches £28k bus

MEMBERS of Axe Valley and West Dorset Ring & Ride, sponsors and supporters try out their new £28,000 bus.

The bus rolled into Axminster Guildhall's car park on Tuesday, October 7th so invited guests could have a look. Funding from East Devon District Council, The Clare Milne Trust and Devon County Council Parishes Together Fund made the purchase possible.

The new bus will serve older people, those with a disability or mobility problems, parents with young children and those who live miles from traditional bus routes. It will pick passengers up from their homes and take them shopping to places including Bridport, Chard, Seaton, Axminster and Sidmouth for £5 return.

Axe Valley and West Dorset Ring & Ride's Sandra Ward said: "Our passengers are so pleased with the new bus. The service also operates a passenger club that offers a weekly

afternoon trip and a day trip on one Saturday each month and is very popular with members.

"The subscription fee is just £10 and gives the opportunity to visit destinations such as Otter Nurseries, Sherborne, Portland, the Somerset Levels and Abbotsbury Swannery with day trips to Lynton and Lynmouth, Glastonbury, Wells, Swanage and many others."

She also thanked Tesco for providing refreshments for the bus launch.

Axe Valley and West Dorset Ring & Ride is a registered charity. To book a journey or to find out more about the service, call 01404 46520.

The Parishes Together Fund is made available to town and parish councils, which then decides how to spend the money. The following parishes contributed a total of £11,512.10 towards the cost of the new bus: Axminster, Kilmington, Membury and Musbury (£7176.10); Uplyme and Colyton (£4,345).

Beehive is an asset to Honiton and East Devon

■ JILL McNally's letter of last week (*Pulman's View From*, October 7th) deserves a reply and your readers need to know that The Beehive in Honiton is actually on course to be a great success.

We need to remember that Honiton needed a multi-purpose centre. Citizens of Exmouth, Sidmouth, Seaton, Axminster, Cullompton and Tiverton all had access to large community/arts venues in their towns but we in Honiton did not. Yes, there had to be a large outlay of money to build The Beehive but not all of it came from Honiton.

East Devon District Council provided the land, a substantial amount of the capital and their support. We council taxpayers are paying about 33 pence a week to improve the town with this excellent centre - surely well worth it.

The Beehive has also been supported by local businesses, individuals, trusts and grant-awarding bodies. Twenty-five plaques on a wall in The Beehive testify to this very wide support and a cheque for £7,500 was received only last week. Friends of The Beehive set out to raise about £100,000 to fit out the building and to date they have raised just over £80,000, with another £11,000 in the pipeline.

The Beehive is being successfully run by the directors and volunteers and, in the first six months, it made a profit of £10,000. The

Beehive is buzzing with activity. There are 13 regular weekly bookings, seven regular monthly bookings and more than 65 organisations have hired rooms. By the end of the year 56 events will have been staged in the auditorium, including classical concerts, choirs, children's theatre, cinema, flamenco, a fashion show, jazz and comedy. Tickets are being bought from as far as Bristol and even Nottingham.

One visitor wrote: "At last, Honiton has a vibrant venue that hosts a whole range of exciting events that appeal to a wide range of people from Honiton and surrounding villages. Just been to a packed comedy show, last week to the cinema. Brilliant! Keep it up."

The Beehive is being run by the community for the community and its reputation is spreading far beyond the town. This is good for Honiton and good for East Devon. The town council is to be commended for providing the building and for dealing with some very difficult decisions.

I hope that everyone can now see what an asset The Beehive is to the town and will give it and those who run it their full support.

JOHN BURGESS,
Honiton

Don't let green space become car park

■ AT a recent Seaton Town Council planning meeting, the committee could find no planning reasons to object to the development of an overflow car park on The Underfleet.

It seems that the traders of Seaton objected to the loss of car-parking with the development of Seaton Jurassic and so, without asking the opinion of the rest of the people of Seaton, an overflow car park has been given the go ahead. Surely these same traders do not want to spoil the entrance to Seaton by converting that lovely open green space with beautiful mature trees into another car park!

There are only approximately three days a year when The Underfleet car park is full to capacity. Should we lose our green

amenity space for the whole year to accommodate cars on those three days?

Perhaps with better signage to the existing car parks, opening of the school, doctors, church car parks, etc. the 70 car parking spaces could be found for those three days.

Town councillors and the people of Seaton, please object to this planning application (14/2293) until it can be proved that there is a need for the parking places and no other places can be found. Do not allow the entrance to our town to be a drive-through a car park!

JUDITH RICHARDS,
Riverdale, Seaton

Join us to help raise climate change awareness

■ IF your readers are as passionate about climate change as we are and want to see this important subject given more prominence on government agendas, they are warmly invited to join us on Saturday, October 18th at 10.45am on Minster Green, Axminster, as we urge our political leaders to act.

On this day a short event is to be held entitled Wake up to Climate Change. Its purpose is to give a voice to those in our community who are very concerned about the impact of global warming, both locally and worldwide, and to raise public awareness of the impending

ing crisis.

There will be an opportunity to sign a petition to be presented to our MP and everyone in Axminster and the surrounding district is invited to come wearing brightly coloured clothes and to stand hand in hand around the Minster in a circle. There will be a minute's silence at 11am, followed by an appropriate song.

Let's not undermine the work of those dedicated to Beehive

■ THE resignation of former three-times mayor Councillor Vernon Whitlock robs Honiton Town Council of one of its most able members, and one who has done as much as anyone to ensure the success of the Beehive.

It does, however, free him from the reported constraints imposed on him as a councillor - constraints which, it now appears, were not required in law. It also frees the council to receive reports from Beehive directors and opens the way for a new approach.

Let us go forward with less of the "us and them" mindset and more co-operation between the council and the company. After all, Beehive management consists of councillors and other local people, some of whom have worked for 20 years to achieve this project and remain committed to it, along with 60 or so volunteers who give freely of their time.

Constructive criticism is one thing, but please let us not undermine their contribution and let us recognise that the Beehive serves people who have contributed to it from a wide area, not just Honiton.

As a council taxpayer, who has studied the usage of the Beehive in its first 200 days, I believe councillors - both town and district - can be justly proud of the Beehive and of what it is achieving, though there is always room for improvement.

The building is, effectively, the first town hall the council has built since its inception and I see nothing unusual in the council paying toward overheads, heat,

light, services and maintenance. The council is also supporting a much-needed community centre, a conference and training venue, a concert hall, an arts and exhibition centre, a community cinema, a first-class meeting place and cafe area. It has already become the leading dance centre in East Devon.

Town councillors and well-placed to influence the management and report back to council. Where I once lived, and was a councillor working with community centres in the Welsh valleys, the Beehive would be considered a first class investment in the community and its future.

Uncertainty about the lease can only deter investment, undermine the management and damage the prospects for the council's flagship asset, which caters for all age groups including future citizens. If there are better/workable alternatives critics are duty bound to spell them out. If not, the council, as the leaseholder, surely has the power to lay down such conditions as are reasonable in law to ensure the building is run responsibly for the community by the community. They may agree reasonable outcomes with the company along with periodic reviews and reasonable safeguards.

Council representatives should ensure fair play for locals. The Charity Commission commission also regulates management and aims. There is a way forward if all concerned with grasp it and work together.

Tony Simpson,
Honiton

What about life-sized dinosaurs for Seaton?

■ I HAVE read with interest the various correspondence debating the pros and cons of the interpretive imagery for the Jurassic hot spots of Seaton.

I suggest that a more adventurous approach could be considered, e.g. life-sized profiles of dinosaurs etched into the headlands at either end of Seaton Bay. They could be mown into the grassland or, in the case of Beer Head, excavated to expose the chalk beneath, similar to the White Horses of Wiltshire.

Alternative, life-sized silhouettes could be erected, standing proudly along the coast, reminiscent of the large bulls seen on the hillsides in Spain.

We need more out-of-the-box thinking. There's room for a panoply of the nation's favourite monsters, even a white mammoth or two; more Dinoland than Disneyland, I say.

Gerry Bennett,
Colyford

Why is MP suddenly taking an interest?

■ WHY, having virtually ignored his constituents on crucial local matters, did Hugo Swire MP suddenly become interested in Ottery St Mary's drains?

Was he sitting in his London office, pondering matters in the Falklands or Nepal, both part of his ministerial brief, and had a good idea? Did local politicians remind him that a General Election was approaching and that an Independent candidate, Claire Wright, was identified by many voters as someone who has taken and continues to take a big interest in local issues?

Don't be fooled by any belated interest in local matters by the current MP, who has not been conspicuously active on, for example, the future of the Ottery library, the youth centre and now the hospital and inappropriate development and its impact on the local infrastructure.

Claire Wright, who attracted 74 percent of the votes when winning her place on the county council, has supported and fought for the people of East Devon, not just recently, but for years. For example, she has

organised a public meeting to discuss the future of the Ottery hospital.

Mr Swire maintained that the policy outlined by the Clinical Commissioning Group on the provision of care in our area was "positive". There was a consultation period, but "Ottery is the one which will be losing the minor injuries unit and the beds". (He said "will" not "may".) He would investigate how the commission came to its conclusion but now was "not the time to whip up excitement locally".

David Cameron believes that "the right place for frail and elderly patients is often in the GP's surgery or in the intermediate care environment". In NHS language, this means a residential home or something similar. However, Devon County Council's financial plans may result in the closure of some residential homes, so, Messrs Cameron and Swire, where will these unfortunate and frequently hard-up patients go?

Philip Algar,
West Hill, Ottery St Mary

No one cares about dangerous water on road

■ OTTERY St Mary may have its problems with blocked drains but since November 2013 I have been trying to get someone at the County Hall to tackle the problem of blocked drains on the road below Hall's Farm at Metcombe.

There has been no action from anyone on the council!! No one cares about the danger that running water

on the road causes, pot holes and earth on this particularly narrow and busy road - a real hazard for drivers.

We pay our council tax but get very little in return.

James G. Copley,
Metcombe, Ottery St Mary

MP voted for hospital closures

■ AM I the only person to note that our MP, Neil Parish, actually wholeheartedly voted in parliament for the closure of hospitals, Axminster amongst them.

How can he run and hunt? What an "Alice in Wonderland" situation we have. An MP with two faces, one head. Surely he has some principles!

Sandra Ward,
Kilmington

The recent events in Scotland have been followed by a Better Together Campaign at a service of reconciliation, attended by more than 1,000 people in St Giles Cathedral.

The Moderator of the General Assembly, as preacher, said that the referendum campaign had a great deal of energy and now is the time to use it on all sides.

Practical news from the National Churches Trust's Annual Review for 2013-14 has listed toilets and roof repairs as the top requests made to their annual grants programme. Grants went to over ten different denominations for their buildings. In addition to the popular requests mentioned, there were requests for help with kitchens, facilities for the disabled, and requests about heating. The trust relies on donors, foundations, legators and Friends for resources.

Pope Francis has just started a two-week global Synod which is to focus on family themes, and to avoid obscure theological debate. For the next two weeks the bishops will hold closed-door debates in which thorny contemporary issues facing the church will be aired. The Pope has already indicated that he would welcome a more merciful approach to certain issues.

A really practical move would be for the Pope to make it easier for Catholics to obtain divorces by appointing more canon lawyers and speeding up the process in time and costs. In an open air address, the Pope urged listeners to heed the call of the people, and to smell the scent of modern life.

Local events for us start at Honiton with the European Union Chamber Orchestra on Wednesday, October 15th at 7.30pm with Grieg, Sibelius and Bartok.

A little earlier on Wednesday, October 15th Seaton & District Men's Probus Club meet at 10am at St Gregory's Hall, Colyford Road, Seaton, where the speaker will be Tony Burges on the City of Exeter - new members welcome, call 01297 624374.

The same week, on Thursday, October 16th at 12.30pm to 1pm, in the Minster Church at Axminster, Father John and Friends present the 30th Lunchtime Concert - light lunch, free admission, all donations in aid of the Minster's upkeep. For details call 01297 598213.

Sunday, October 19th starts with Musbury parish harvest festival at 11.15am - all are welcome. Then comes at 3.30pm in the Minster Church the Axe Vale Orchestra joined by musicians from Colyton Grammar School conducted by Adrian Carpenter and David House offering their autumn concert - £8 including tea and cake,

Pulman's View from the churches

With NIGEL SPELLER

tickets at Archway Bookshop on 01297 33595.

Advance notice, for Thursday, October 23rd, the Luntime Concert season at the Minster closes with the Sidmouth Music Club Orchestra. Free admission, light lunches, donations for the Minster.

And still on dates, do not forget the Wake Up to Climate Change gathering on the Minster Green on Saturday, October 18th at 11am. Do arrive by 10.45am if participating.

Looking ahead, Lyme Bay Chorale will be presenting exciting events this autumn and residents are invited to join with them on Sundays, November 9th, 22nd and 23rd to sing with professional members and orchestra. All events are at St Michael's Church, Lyme Regis, and more details are available at 01297 444580.

And now to Ottery St Mary - The Churches Together in Ottery harvest songs of praise in the parish church was well-supported and the retiring collection is for the fund for the Somerset Levels. The AGM for the Friends of Ottery Church is on October 24th at 7.30pm in the church, with the Reverend Bill Hill, chaplain at Exeter prison, as the guest speaker. All welcome and especially if you would like to know more about becoming a Friend of the parish church, why not come along?

The TH06 Youth Project is looking at new ways to develop its outreach and may be able to take over the premises of the former youth club run by Devon County with other community groups.

The Reverend Prebendary Nick Edwards, Priest in Charge at Exeter St Thomas and Emmanuel Churches, has just seen the closure of Emmanuel Church in his Mission Community, which naturally is regretted by all.

Colyford church members have decided to seek approval for land at St Michael's Church, Colyford to be set aside for recreational use of young members.

Recent news has come from Canon Andrew White at Baghdad that the situation there has worsened to the extent that church congregations have dwindled to about one hundred, a big loss, owing to the local situation.

EMILY Hoare is 21-years-old and is the owner of The Barking Spa dog grooming.

She has lived in Musbury all her life with her mum and dad but unfortunately her brother died of cancer three years ago, aged 20.

Emily went to Musbury Primary School and Axe Valley Community College before going on to Exeter College and Bicton College to study some more. Alongside her business, she also works at The Golden Hind pub in Musbury and Tesco in Seaton.

● **YOU own a dog grooming business, The Barking Spa. Have you always wanted to work with animals?**

As a young girl I wanted to be a vet but then changed to wanting to be a hairdresser throughout my teens. I went to Exeter College to train in hairdressing when I left school but decided it wasn't for me, but it did make me realise I needed to do something with animals. I then started work at Tesco in Seaton to give myself a real chance to work out exactly what I wanted to do with my life.

● **HOW long have you been running your dog grooming business?**

I opened my spa on Saturday, September 13th this year after completing my Level Two City and Guilds course at Bicton College back in February. I will go on to do my Level Three in the new year, which I am very much looking forward to.

● **WHAT does The Barking Spa offer customers? Would you like to expand it?**

It offers customers the opportunity to have beautiful looking and smelling dogs while they get the chance to spend a couple of hours in Seaton, browsing the shops or what ever takes their fancy. It also offers dogs a relaxed friendly experience all based around each dog's individual needs and always in a way where the dog's happiness and health is put first. I would love to think I could have a business successful enough to expand, if I can find a point in the future to it is definitely something I would love to do.

● **DO you have any hobbies?**

I currently do not have an awful lot of time for hobbies between my spa, pub and Tesco jobs. But I enjoy

60
seconds

catching up with my friends, reading, running, walking the dog, shopping and the cinema - the usual.

● **WHAT is the scariest/most exciting thing to happen to you?**

I actually think this, starting my business, is probably the most exciting and scary thing to ever happen to me. I mean how many people can say they did something like this at the age of 21. I definitely think it is the best decision I have made so far. I am very excited for what the future holds.

● **WHAT is your favorite memory so far?**

It would have to be a toss up between my week holiday with my friends in Turkey back in June or opening my business, which for me has been an amazing achievement that I never thought possible.

● **WHAT three items would you like to have with you on a deserted island?**

I would have to have tea bags, got to love a cuppa! Also my fluffy socks, as I am always cold, and of course my dog, Cocoa.

● **What would you do if you won the lottery?**

First I would travel the world, then I would buy a big house and foster rescue dogs. I would also buy lots of cars, as I love them.

HONITON Carnival procession starts 7.30pm at the west end of the High Street and parades right through to the east of the town. Lots of fun for all the family.

Sunday 19th October - Quiz Night, at the Beehive, 7pm. Minimum 2 per team, £2 per person.

Wednesday 22nd October - Childrens Fancy Dress Party (for up to 8 year olds), at the Beehive 4pm - 6pm. Entry £3 each including tea, and entertainment.

Wednesday 22nd October - Meat Bingo at the Mackarness Hall, doors open 7pm for eyes down at 8pm. Meat prizes.

Saturday 25th October - Crand Carnival Procession starting at 7.30pm

Axcess Electric Bikes

AXCESS- electric-bikes have now been trading in Honiton for four years. Over that time, electric bikes have developed gradually with new control mechanisms and improved batteries. But the major innovation in the time was the company's decision to sell its own range of Axcess Brand bikes.

Manufactured to the company specification they are designed to give long service to riders who want or need everyday transport at a reasonable price. Peter Blackman, the managing director says "I am amazed how local people accepted that we have our own brand bikes for sale. The have proved very reliable and are giving good service to hundreds of customers."

Having sold out of

their 2014 range of bikes, the 2015 bikes are now in stock. These bikes have an improved electrical wiring system to make maintenance and repair easier. Unlike many of their competitors with electric bikes

manufactured to the EU Regulations, the Axcess range are all fitted with throttles under UK Regulations enabling the rider to travel without tuning the pedals.

The electric bike market

has not exploded in the UK, as in Germany where 400,000 are sold annually, however, 2014 has shown a significant increase in sales which will probably top 30,000 in the UK for the first time.

Complementary Therapies

Complementary therapies aim to treat the whole person and not just the symptoms. They can be a gentle way of restoring balance and wellness for an individual, and healing can often be seen and felt over time.

We offer a wide range of complementary therapies tailor-made to the individual's needs. Our team of therapists are fully qualified, insured and adhere to their professional code of practice.

Our range of therapies covers the following disciplines: Acupuncture, Aromatherapy, Counselling, Healing, Hypnotherapy, Holistic Massage, Lymphatic Drainage Massage, Nutrition, Precision Reflexology and Sports Injury Massage.

If you are seeking help with one or more of the

Axminster Counselling

COUNSELLING can help individuals, couples and families to see how they may be repeating types of behaviour and thoughts which impact on themselves and others. Many of us are unaware of what emotional and physical blocks we create in our daily lives. Counselling with Gillian provides an opportunity to talk through issues in a clear, direct and honest way. During a counselling session you will be given tools to use in your life in order to appreciate and be kind to yourself. From this experience we can work towards the changes you require in order to recognise and transform behaviours, accept change and move on.

Please don't take chances with your health. A wellness plan that's easy to understand and follow is key to good health all through your life. Make our complementary therapies a cornerstone of that plan, and you're well on your way

Introduction to Mindfulness

MINDFULNESS means maintaining a moment-by-moment awareness of our thoughts, feelings, bodily sensations, and surrounding environment, without judging them.

How Does Mindfulness Help?

- You learn to notice the world around you, sharpen your concentration, become more appreciative of the good things in your life, and kinder towards yourself and others.
- There is a lot of evidence of benefit for people with stress, anxiety and depression, and in reducing the impact of chronic illness.
- It can often dramatically reduce chronic pain.
- It can strengthen the immune system and lower blood pressure.

Meditation calms the areas of the brain that produce stress hormones and activates those that lift mood and help with learning. People who practise mindfulness often feel more serene about life in general.

to living a life that's active and free from pain.

Meditation, Mindfulness and Yoga

We also offer yoga and meditation for all levels and ages to help promote wellbeing. Yoga is an ideal form of exercise to relieve stress and anxiety from our daily lives while having a low impact on the body. Our instructors have years of experience and training and are there to advise on all types of conditions and suitability. Meditation and mindfulness are recognized as bene-

Body-Balance Nutrition

Nutrition Facts and Information from Liz at Body-Balance Nutrition

• WATERCRESS contains more vitamin C than oranges! Also contains 15 essential vitamins and minerals and more calcium than milk. It provides more iron than spinach too, a great tasting option to provide all of these essential nutrients.

• Aspartame is now included instead of sugar in an alarming number of UK sugary soft drinks. Always check the label for these hidden ingredients in the standard version as well as the 'diet' version. The health dangers are widespread and yet widely denied by manufacturers.

• Wheat, dairy & sugar free recipe for Orange Polenta Biscuits

- 1 ½ cups polenta
- 3 ounces coconut oil
- 3 ounces butter
- ½ cup coconut palm sugar
- 1/3 cup wholemeal or rice flour
- 1/3 cup ground almonds
- 2 tbsps finely grated orange zest
- Juice of half an orange
- 2 large eggs

In a food processor combine all ingredients except the eggs, until it resembles coarse meal. Add the eggs until dough comes together.

Preheat oven to 160 degrees. Grease a baking tray. Drop slightly rounded teaspoons on to the tray two inches apart.

Bake for 15 minutes or until golden. Cool for 5 minutes, transfer to a wire rack to cool.

• Contact Liz at Body-Balance Nutrition for appointments and further nutrition information: 01823 480570, liz@body-balance.co.uk

www.axminsterwellbeing.com info@axminsterwellbeing.com

official practices to reduce stress and anxiety.

Library

We have a well-stocked and carefully managed library within the Centre, which contains a mine of information on a range of subjects connected with health and wellbeing. We have recently added a new section to our collection which is on the subject of cancer. People are welcome to browse through our bookshelves, read in the library or take books on loan for up to three weeks at a time.

Volunteers

Our dedicated team of volunteers work tirelessly to meet the needs of people using the Centre and make a positive impact in many ways to the smooth-running and relaxing atmosphere of the Centre. Whether you're retired, disabled, wanting to return to work after illness or having children, seeking to improve your confidence or just want to get out of the house, we welcome anyone with good communication skills, basic IT and a desire to be part of a community based charity. If you would like to know more pop into the Centre or ring 01297 32331, we would be delighted to hear from you.

Total Me Time The perfect antidote to stress

TOTAL Me Time is important because many people today are living a stressful lifestyle. Deadlines, pressure to look good at all times, demands of work and family, financial worries, being constantly busy result in symptoms such as:

- Headaches or aching muscles
- Feeling anxious or overwhelmed
- Irritable or bad tempered
- Tiredness, lethargy and lack of concentration
- Poor quality sleep
- Poor digestion
- Panic attacks

Although these symptoms are unpleasant, the real risk is that continued high levels of stress can compromise the function of many systems of the body and, long-term, can contribute to more serious health problems.

The good news is that you can learn to take control of how your body responds to stress and experience the benefits of using relaxation techniques in your everyday life.

Deborah Pearce Hypnotherapy

HYPNOTHERAPY is a powerful method of dealing with a range of health issues that are psychological in origin. Deborah practises Solution Focused Hypnotherapy, a combination of psychotherapy and hypnosis designed to encourage you to think about your preferred future, rather than dwelling on problems of the past. Be prepared and willing to make

changes in your thinking and behaviour, to get better enjoyment of life.

Traditional Acupuncture

WHY NOT JOIN THE STOPTOBER CAMPAIGN?
Stop smoking the easy way with traditional acupuncture

THE treatment uses auricular (ear) acupuncture which is a tried and tested technique for addictions. This is a standard protocol which has been in use for 70 years and has been found to have at least a 90% success rate.

The treatment involves inserting 5 tiny needles in each ear, which are left in place for 40 minutes. The treatment is cumulative over 5 days. Clients are given a herbal tea blend which supports the treatment and which they can use at home.

The treatment can be given one to one or in a group. It is delivered as a 5 day course, with clients coming to my clinic for 1 hr every day – usually Monday to Friday. This allows on-going support to be given during the treatment.

Substantial discounts for 2 or more people coming together!

Give me a call to find out more.

The Axe Beacon Federation of primary schools open their doors to the local community...

THE Axe Beacon Federation is a group of four good and outstanding primary schools in the Axe Valley area that have been working closely together for the past two years to provide the best educational experience for all the children.

The aim of the Axe Beacon Federation is to be a "Beacon of Excellence in Education". All the schools are providing top quality teaching and learning which is enabling every child to

reach their full potential and achieve the highest standards.

Each school offers many different qualities, but all benefit from excellent facilities and resources.. Every classroom will be buzzing with hard-working and well behaved children. You will see amazing displays of their work.

Colyton Primary has six classrooms and a fantastic hall. The school is proud of their exciting curriculum

which engages every child in their learning.

Kilminster Primary is a small village school with a big reputation for achieving the highest standards.. They provide a friendly and caring atmosphere where each child is encouraged to achieve his or her full potential in all areas of the curriculum.

Seaton Primary is the largest school in the Federation. Outstanding teaching combined with great resources en-

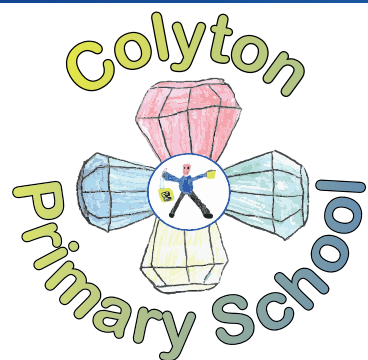

able the school to care for the whole child, ensuring all achieve excellent standards in their behaviour and work.

Shute Primary is the smallest school in the Federation but offers a very special ethos. From their new Foundation Stage Unit to Year 6 the children are very happy and make excellent progress.

Every school looks forward to showing you around on their Autumn open day. See below for details.

Getting Ready for Winter

Orchard Autos

Welcome to Orchard Autos

MAKE sure your vehicle is ready for winter. Whether it's servicing, repairs or an MOT Orchard Autos can help.

At Orchard Autos we pride ourselves on going that extra mile to provide the care your vehicle needs. Whether it be a classic, performance, prestige or your everyday car we will look after and give the attention to detail it deserves.

Motor vehicles are very complex these days and require special tools to repair and the correct grade of parts, oils etc to maintain them. We only use good quality parts to ensure long life of your vehicle. We have diagnostic equipment and special tools to do the job properly.

We are members of Motor Codes, which give an industry code of practice backed by Trading Standards and are members of The Federation Of Small Businesses.

At Orchard Autos we can now also offer the TerraClean service. TerraClean advanced cleaning improves your fuel economy, restores lost performance, reduces exhaust emissions and cleans out your fuel system and engine.

Winter Vehicle Check List

- Antifreeze – Top-up with a mixture of the correct type of antifreeze to ensure adequate cold temperature protection.
- Battery – A battery more than five years old may struggle in the cold – get it checked and replaced if necessary to avoid the inconvenience of an unplanned failure.
- Fuel – keep at least a quarter of a tank in case of unplanned delay.
- Lights – check and clean all lights regularly to ensure you can see and be seen clearly. Carry spare bulbs.

- Tyres – should have at least 3mm of tread for winter motoring. Consider winter tyres for improved safety. Check pressures at least every fortnight.
- Windscreen – reduce dazzle from the low sun by keeping the screen clean inside and out. Now is a good time to renew worn wiper blades.
- Screen wash – use a 50% mix of a good quality screen wash to reduce the chance of freezing in frosty weather.
- Locks and door seals – stop doors freezing shut with a thin coat of polish or Vaseline on rubber door seals. A squirt of water dispersant (WD-40) in locks will help stop them freezing.

Gas, LPG and Oil.

Faraday Stoves

FARADAY Stoves now have on display the very latest design from Scan woodburning stoves. Flames are not square. The Scan 66 from celebrated Danish designers Harrit and Sorensen has a playful organic design with innovative features. The view to the flames is maximised through the use of a glass log retainer and tempered glass is also used to create the handle and air vent controls.

These controls are discretely hidden on the side of the stove. This 5kW output stove can be hung on the wall or comes with three different base options giving lots of flexibility to your interior design. To view this beautiful stove visit the showroom on the Heathpark Industrial Estate where you can also get expert advice about your installation and all your stove requirements can be met.

All change at Axe Cliff Golf Club

AXE Cliff Golf Club has recently been through some turbulent times. The sudden departure of the club proprietor prior to the new subscriptions date of January had caused a financial vacuum.

New to the area and new members, Simon and Jill Wellington were asked to speak at the emergency committee meetings called to find a solution. Simon had previous experience as a trustee and councillor and had knowledge of the various options available. It soon transpired that the crisis required an immediate cash injection and proper management.

Consequently Simon and Jill took on the lease of the club as 'Friends of Axe Cliff Golf Club Ltd.' They provided immediate funding and the members volunteered advance membership fees to match the loan which meant the funding gap from September to January was more than bridged with finance available for extra improvements.

In three weeks the members threw themselves into the project, purchasing and hiring materials and equipment to revamp the greens for the first time in years. An army of volunteers carried out the work. The members then turned their attentions to remodelling and refitting the clubhouse, painting and decorating throughout. New walls have been knocked down and rebuilt. The drive and car park is being resurfaced and a new fleet of buggies have arrived. The skills of the member volunteers have been boundless from landscaping, free stone walls to I.T. management.

The kitchens have been transformed into a modern culinary environment along with a plethora of new modern appliances. Chefs Karen and Linda

will be sharing the duties and the management have launched a food night specials menu to run alongside the usual eatery favourites. Karen has returned to the delight of the members and has already been quoted to have cooked, 'the best pork crackling in living memory!'

Linda has arrived from the George at Chardstock and is keen to add her first-hand knowledge of authentic meze recipes to the tapas offerings from their existing Spanish cook. Every night except pre-booked function nights will have a special offering. With guest ales at £2.50 a pint and excellent wines for £10 a bottle the value for money could not be bettered.

New bookings for weddings with spectacular views, staff parties or functions are now being taken on 01297 21754. If you are planning a visit please check the website on www.axecliffgolfclub.com (Not co.uk!) to check the evening is not booked.

■ Simon and Jill Wellington

BEER WURLITZER FAVOURITE

LEN Rawle, MBE, known as the Rembrandt of the Wurlitzer, presented a colourful and melodic programme of music at Beer on Saturday, October 11th. He thought it was appropriate that, as the oldest performing organist in the UK, he was playing on the oldest Wurlitzer in the UK. Len charmed the audience with his interesting comments, his superb arrangements and the variety of sounds he obtained. He played a moving tribute to the late Doreen Chadwick, a fellow organist and friend, also born in Wales.

Len's whole life has been centred on Wurlitzers and he has been involved in the restoration and rebuilding of many organs, a recent one being installed in Douglas, Isle of Man. As well as being an artist/preservationist, Len has a great enthusiasm for teaching, lecturing and writing in the UK and overseas. A special event for him was in Buffalo, USA, when he initiated 2,500 youngsters into the joys of the organ. He is highly regarded, heads many organ societies and is very much at the forefront of the organ scene - it was a great privilege to hear him perform at Beer.

The culmination of the 2014 programme is on Saturday, November 29th when there will be an afternoon of music, fun and nostalgia to celebrate the

■ Len Rawle MBE

the nineteenth birthday of the Wurlitzer, with David Ivory as guest organist. As always, the jovial Norman Davey will compeer the show and a fantastic afternoon is guaranteed. Everyone is welcome at the Congregational Church, Fore Street, Beer, EX12 3JQ - admittance is £7.00 on the door to include refreshments. For further information please visit www.beerwurlitzer.org.uk or phone 01297 24892.

Festival to hold first concert at The Beehive

THE Honiton Festival is holding its first concert in the town's Beehive Centre on Wednesday, October 15th at 7.30pm, featuring the renowned violinist Tasmin Little OBE, who played at this year's BBC Proms.

An English classical violinist, Tasmin is best known and widely acclaimed as a concerto soloist, she performs also as a recitalist and chamber musician. She has released multiple albums, winning the Critics Award at the Classic Brit Awards in 2011 for her recording of Elgar's Violin Concerto. She is very much a supporter of lesser-known works, particularly by English composers and actively promotes the joys of classical music. The Tasmin Little Music Centre in Bradford was so named following an 8-day festival in 2006 "Delius Inspired", for which she was artistic director.

She was awarded the OBE for services to music in the Queen's Birthday Honours in 2012. In Honiton for her performance of Vivaldi's Four Seasons, she will be appearing with the European Union Chamber Orchestra, which is making a return visit to the Festival. For more details visit www.thehonitonfestival.co.uk or call 01404 831335

Autumn Concert in the Minster

THE Axe Vale Orchestra is joining forces with students from Colyton Grammar School to present their autumn concert in the Minster, Axminster, on Sunday 19th October at 3.30pm.

Sibelius's stirring Karelia Suite is well known and will be familiar to many television viewers since the march has been used as theme music. Respighi's Magic Toyshop uses charming melodies from Rossini's piano music in a suite of traditional and modern dances from a ballet

which tells of dolls in a toyshop who dance to entertain customers, but then contrive to avoid being sold separately! To celebrate the 150th birthday of Richard Strauss, the wind players of the orchestra will perform his Wind Serenade in Eb op.7, a moving short work using to the full the tone colours of the different instruments.

Ernest Tomlinson is known for his light music, and the orchestra will play his English Folk Song Suite. The orchestra is particularly

proud to present another piece of English music, written as an A-level test piece by grammar school student Jesse Wilson. It is called Two Soldiers.

The concert will be followed, as usual by tea and delicious home-made cakes. Tickets at £8 are available from The Archway Bookshop, The Little Shop in Colyton or on the door. There is no charge for accompanied children and students in full-time education.

Local young Soprano, Chloe Stratta, to sing with English Opera Ensemble

FROM Charmouth Primary School to a promising future in Opera - 22 Year old Chloe Stratta will sing the role of the shepherd who heralds the coming of the fatal dawn in Act 3, with the English Opera Ensemble in the forthcoming production of TOSCA, which is being produced by STAG (Shute Theatre and Arts Guild) in Kilminster Church next month. The young soprano will be singing and supporting a dazzling cast of professional singers including Anna Gregory, Dominic Barrand and Michael Bracegirdle, opera stars who's past performances have graced the stages of the Royal Opera House and the Royal Festival Hall.

Chloe graduated from the University of Manchester in July 2013 with a first class bachelor of music degree. She currently studies as a soprano under Ryland Davies and Deborah Rees. During her time in Manchester, Chloe was involved in many concerts as member of the University Chorus, and the University's prestigious chamber choir, with whom she toured to Milan. In July 2014, Chloe sung in the Dorset Opera Chorus for their 40th anniversary productions of Verdi's Aida and Beethoven's Fidelio. Her solo concert work includes Fauré's Requiem, in Exeter Cathedral, Haydn's Creation Mass with Lyme Bay Chorale,

Elizabeth I visits the Marine!

LIVING Spit Theatre Company are now renowned in the South West area - as well as the rest of the UK - following a string of visits and hugely successful productions including *One Man and his Cow*, *Adolf and Winston* and *The Six Wives of Henry VIII*. Written, produced and performed by two actor-musicians (Stu Mcloughlin and Howard Coggins) Living Spit productions are notably recognised for their hilariously witty and clever 'poorly researched' interpretations of historical events. Told through live original music, silly songs, smutty shenanigans and hysterically historical horseplay, their latest edition to add to the collection is *Elizabeth I - Virgin on the Ridiculous*, showing at the Marine Theatre on Saturday, October 18th (7.30pm) and Dorchester Arts on 24th October (8.00pm).

1558 sees a country divided by religion and politics, teetering on the brink of civil war. The hopes of the nation lie with one woman.

2014 sees a country divided by those who enjoy plays featuring men in dresses, and those who don't. The hopes of the nation lie with two Bristolian actors.

An evening of truly excellent entertainment and a lesson in Tudor history that you'll never

forget...

Living Spit perform *Elizabeth I - Virgin on the Ridiculous* on Saturday 18th October, at 7.30pm (doors open at 7pm) at the Marine Theatre, Lyme Regis.

Tickets are £12 or £10 (concessions) - to book tickets, contact TIC on 01297 442138 or visit www.marinetheatre.com

READERS, THERAPISTS,
HEALERS, STALLS.

Diary Dates

UNTIL SATURDAY OCTOBER 31st

AXMINSTER: Axminster Arts presents an exhibition by Jenny Knight showing the diversity and fun of willow. Following the theme of Halloween, exhibits will include spiders, bats, broomsticks and pagan stars and more. This exhibition will be held in one of the old police cells at the Arts Café, Axminster Art Café, The Old Courthouse, Church Street EX13 5AQ. Opening hours: Mon to Sat 9am-2pm. 01297 63145

UNTIL SATURDAY NOVEMBER 8th

AXMINSTER: Axminster Arts presents an exhibition of works by Amanda Clark who has developed two particular styles: Illustrations for her book, "Sylvester, Archie and the Angels" and Inspirational. She takes commissions for bespoke and unique paintings, which exude light and healing energies. Amanda has exhibited across East Devon and teaches workshops on Inspirational Art to both adults and children. Among her clients is an Equerry to Prince Charles and she has received praise for her work from a former Chairman of the National Gallery in London. Axminster Art Café, The Old Courthouse, Church Street EX13 5AQ. Opening hours: Mon to Sat 9.00 am - 2.00 pm. 01297 63145

Axe Valley Heritage Association talks

THE final talk of the 2014 season of the Axe Valley Heritage Association took place at the United Reformed Church Hall, Seaton on Wednesday, October 8th, when Gareth Richards related the history of the Seaton Tramway and the early life of its founder Claude Lane.

He told his audience how the young Claude was totally captivated by electric powered vehicles, to the extent that having once seen such a vehicle moving around a local factory area when passing by in his pushchair with his nanny, he insisted that he was taken there every day. His young life was dominated by this interest and resulted in

his qualifying as both an electrical and a mechanical engineer. Inevitably he formed his own company in Barnet, a manufacturer of battery electrical vehicles, and then went on to building his first tram, a small scale version which he exhibited at Fetes and Garden Parties. He then formed his first tram company in St. Leonards, then another in Rhyl, North Wales, moving on eventually to Eastbourne. In the late 1960s an opportunity arose to move onto the ex. British Rail branch line at Seaton which had fallen foul of the Beeching Axe in 1966. Claude had first seen this location on a glorious summer evening when driving into Seaton and had fallen in love with it.

Much work and effort was necessary before the tramway became what we see today, but sadly Claude did not live to see his dream come to total fruition. However, the success of the tramway is there for all to see and this, of course, brings thousands of visitors to Seaton every year.

A vote of thanks to Gareth, for his superb presentation, was given by Alan Nicholas and the audience responded enthusiastically.

Talks will begin again in April 2015 and details will be published in good time.

SPOTLIGHT ON MY SERVICE

DRYASABONE SERVICES

DRY CARPET

CLEANERS

"FORGET WET"

NO MESS! NO FUSS! NO WATER!

Dryasabone carpet cleaners are a 21st century forward thinking family owned local established company that relies on excellent customer service and satisfaction for repeat business and recommendations. We guarantee to provide a sales gimmick free and reliable service with confirmed appointment times at a time convenient for you the customer not us.

Our expertise lies in dry/low moisture carpet cleaning, which means no-one is going to come along and soak your carpets with dirty water and steam up your windows for the rest of the day.

We specialise in the HOST* Dry extraction method which ensures your carpets are clean, dry and looking their best and back in use immediately. "FORGET WET"

This method of cleaning has been developed over more than 50 years, and is used in over 60 countries and by some of the worlds largest organisations.

The price we quote is the full and final price you pay. No other gimmicks will be offered-our reputation is our main selling point and will not be compromised.

The Advantages.

- Uses safe natural bio-degradable non-toxic products
- Safe for children and pets
- No damp dog smells
- Is fully endorsed by major carpet retailers
- No steamy windows
- No sitting in your kitchen for hours waiting for carpets to dry
- No down time for hotels and guest houses
- Your rooms are back in use immediately
- A true earth friendly process

New Ford Mondeo Enhances Comfort With Sophisticated Technology

▲ The all-new Ford Mondeo

The all-new Ford Mondeo combines innovative driver assist technologies, an advanced chassis structure, and high quality interior to deliver superior comfort and refinement.

Mondeo introduces in Europe a new integral link rear suspension for improved ride comfort and interior noise reductions. Mondeo also offers Ford's new SYNC 2 voice control connectivity system with eight inch touchscreen for easy operation of phone, entertainment, climate and navigation systems.

Technologies including Ford's first adaptive LED headlamps in Europe and Active Park Assist featuring Perpendicular Parking contribute to a simplified driving experience.

"The new all-new Mondeo uses Ford's latest innovation and technologies to deliver the

most refined and user-friendly Mondeo driving experience yet," said Ulrich Koesters, vehicle line director, Ford of Europe. "From systems that guide drivers hands-free out of parking spaces at the start of journeys to seats that deflate to allow easy exit at the end, the Mondeo is focused on the occupant from start to finish."

Lighting the way with advanced technology

All-new Mondeo's adaptive LED headlamps combine the daylight-mimicking light clarity of full-LED headlamps with Ford's Adaptive Front Lighting System, which adjusts the headlight beam angle and intensity to match the driving environment. The system can choose one of seven settings according to ve-

hicle speed, ambient light conditions, steering angle, distance to the vehicle in front and windscreen wiper activation.

The all-new Mondeo will feature an advanced version of Active Park Assist featuring Perpendicular Parking, which enables drivers to detect suitably-sized parallel parking spaces and reverse hands-free into spaces parallel to the road and side-to-side with other cars.

This advanced parking feature will be supported by both Park-Out Assist, which helps drivers to exit parallel parking spaces; and Side Parking Aid, which provides an on-screen visual representation and audible warning of obstacles to the side of the vehicle, as well as to the front and rear.

Control climate and more with voice commands

The SYNC 2 system enables drivers to control key in-car systems using simple, natural voice commands and a high-resolution eight inch colour touch screen. Connectivity is delivered via Bluetooth, USB and SD card ports.

Simply pushing the voice control button and saying "I'm hungry" will display a list of local restaurants, and the MICHELIN guide can help drivers choose where to eat. SYNC 2 will then connect users by phone to the restaurant to book a table and guide them there.

Entering a navigation address is also simplified. Rather than reciting the address in stages, users can say the full address at once, and can select music from a connected MP3 device by asking SYNC 2 to play an artist or track. Cover art is also displayed on screen with compatible players.

Customers can place hands-free phone calls

with the command "Call <name>", without first having to give the command "phone", while the system is in audio, navigation or another mode.

SYNC 2 also features Ford's Emergency Assistance, which directly connects the vehicle occupants to local emergency services operators after an accident, in the correct language for the region.

"We have developed SYNC 2 so it is simple and intuitive for drivers to use, and it seamlessly switches between touch screen and voice commands," said Christof Kellerwessel, chief engineer, Electronic and Electrical Systems Engineering, Ford of Europe. "Drivers will be able to control more in-car systems than ever before, while keeping their eyes on the road and their hands on the wheel."

Mondeo drivers can also control interior cli-

mate using voice commands including: "Max AC" to cool down quickly, or more specific commands such as: "Temperature 20 degrees".

The all-new Mondeo's heating, ventilation and air conditioning system has been fine-tuned for quieter operation. The system also helps optimise interior comfort with automatic climate control to maintain less than one degree variation even in extreme climates, and adaptive fans that maintain a constant airflow as vehicle speed changes. Rear cabin occupants benefit from dedicated air-vents.

In addition, the all-new Mondeo features an air-quality sensor that automatically switches on air recirculation when pollution is detected, and a humidity sensor that enables pre-emptive measures against flash-fogging of window interiors. Cooling from 55deg C to 18deg C in 15 minutes is best in class.

Millwey Rise 0-18 Seaton

SEATON round-up

Seaton Under 9s

Seaton Under 9s had mixed fortunes on their travels over the weekend. First they played a very good Culmpton side who simply had too much strength and quality as they ran out 6-0 winners. However, Seaton never stopped battling and were unfortunate not to grab a few goals themselves, as to their credit, they continued to push forward creating several great chances. Harvey Green did well in defence and Daniel

Byrne made a solid debut. Seaton then beat Bradninch 2-0 and played some really good football as their passing game came together, but following a well taken goal from Man of the Match George Gait, they struggled to finish off their game opponents with Corbin Reel going close on a few occasions. Max Nevell finally secured Seaton's first win of the season with a stunning strike from outside the area that whistled into the top corner.

Seaton Under 11s

Seaton Town U11s played there second game of the season in the U12 East Devon Youth league away at Millwey Blues on Sunday. Millwey were a well organised and strong side but Seaton's passing and pace moving forward was soon causing problems for the older team. Jack White found the net with a powerful shot on 10 mins but Millwey equalised with their first attack on the Seaton Goal. An amazing run and finish from Jack White saw Seaton restore their lead in the 26th minute. The Millwey keeper then pulled off a number of saves as Seaton piled on the pressure. The second half saw Seaton continue to use their pace with Josh Tait adding 2, Jack White adding 2 more to his tally, as well as Casey Gibbons and Ben Driver getting on the score sheet. Billy Gait had another outstanding game in the heart of Seaton's defence. Every member of the Seaton squad made valuable contributions in a well earned 8-2 victory. Supporters player of the match went to Josh Tait, managers player, Billy Gait.

hockey honiton hornets

Darts 2nds 2, Honiton Hornets 3

THIS week's match was against the team lying second in the league at the end of the third week of the season, and so was not going to be an easy win. With that in mind, Honiton attacked the match from the opening whistle with some great attacking play causing the Dart defence to work hard to keep the ball out of the goal.

Within the first 10 minutes Honiton were awarded a short corner opportunity. Kat Tucker's initial shot on goal was saved well by the Dart keeper back went straight back into Kat's path. Kat passed the ball quickly to the top of the circle where Sophie George was able to take a shot on the goal again. The keeper saved the shot again but was unable to clear it past Vanessa Trude who slotted the ball in on the left post to out Honiton ahead. It was Honiton who scored again next.

Following a series of well worked passes up the field Beck Heal was able to run the ball to the top of the circle and place a solid strike in towards goal. Vanessa Trude was again on hand to ensure the ball found the back of the net from the left post. Shortly after that Kathryn Empson, who was having a storming game in defence, collided with the ball and was unable to continue with a head injury.

Honiton were slow to settle after the substitution and Dart made the most of it with a quick return goal. However once settled Honiton again scored from a followed up shot by Vanessa Trude bringing the score to 3-1 at half time.

In the second half Dart, with nothing to lose, pushed more players forward and had much more of the ball putting Honiton's defence under considerable pressure. However, the defensive team of Sue Stone, Vicky Morris, Sarah Self and Denise Underhill kept out all but one of a flurry of played for short corners to the victory with Honiton.

The whole team were committed to the very final whistle and thoroughly deserved this week's results. Well done ladies.

Player of the match this week was Vanessa Trude, closely followed by Kat Tucker and Vicky Morris.

■ Training continues in Exeter on a Monday evening at 8-9pm with new members always made very welcome. See www.wcwhl.co.uk for more details and contacts.

Axminster Bowls Club indoor season well underway

AXMINSTER Bowls Club's indoor season is now well underway with three mixed friendly matches played, as well as the Opening Drive which was attended by over thirty Members, with Alison Glyde and David Harris winning the Round-Robin Competition in near perfect conditions.

The Club's first match was a new fixture against South Dorset Bowling Association at home which we managed to win (56-50) - a really tight game thoroughly enjoyed by all. Our winning rinks were Pam Clark, Daphne Ryan, Malcolm Denslow, and Margaret Crompton (20-13) and Morrison Brown, Pam Hunter, Joan Quick, and Bob Sherborne (18-16). Next we Lost another excellent match at home to Honiton (52-64) despite winning two of the three rinks played - our successful rinks were David Harris, Joan Quick, Jean Kesterton, and

Brian Clark (21-18) and Andy Curtis, Margaret Stancliffe, Tony Cable, and Margaret Crompton (22-20). We then travelled to Sidmouth where we were beaten (47-64) in another good game with only Morrison Brown, Malcolm Denslow, Jean Kesterton, and Margaret Crompton managing a win (24-22) - this after they were 4-19 down at the tea interval!

Many congratulations to 15 year old Steven Apsey who has been picked for the Devon Under 21 and Under 25 squads for the Indoor Season - just reward for all his dedication! Also well done to George Mabon and his team of John Packham and Bob Sherborne who recently won their first Vice Presidents game of the Season.

■ Axminster Outdoor Bowling Club are holding their A.G.M. this Friday (October 17th) at 7.00pm.

Otters thrash JD

AFTER their opening day defeat Flamingos were in action against unbeaten Upplowman whilst table topping Otters met newly promoted and bottom placed JD Tyres.

Otters and Upplowman had a very close first quarter with Otters by 2 goals ahead at 11-9. By half way the lead had increased to 20-16, remaining the same gap [29-25] and going into the final period it was all to play for. Hannah Lee was having a great game for Otters with Andrea Britton the star turn for Upplowman, and in a tense final period Otters finished strongly to win by 41-34 to stay top.

Flamingos, having beaten newly promoted 3Ts last week continued on their winning way with a comfortable 61-22 win over JD Tyres. They led from the start and the win moved them into second place in the table, leaving JD at the foot of the table. Trish Warwick was the player of the match for Flamingos whilst Tanya Broom picked up the award for JD Tyres. Now just Otters and Hi Q remain unbeaten.

Table	Pld	GD	Pts	Table	Pld	GD	Pts

golf round-up

HONITON with Andy Wagner
Monthly Medal

Those Medal cards! Div1 found the course a breeze. Div2 - not so much. John Tierney lead the way in Div1 with a very steady nett 68 just ahead of seasoned campaigners Jim Wallis and Alan Jackson who scored impressive nett 70s. Div2 had Mark Fowler leading with his own nett 70, backed up by two more 'seasoned campaigners' John Fleetwood and Fred Thomas who both scored nett 76 (and did it side by side if I know them).

Tuesday Mixed
The scores for this weeks competition - format American Foursomes - were very close and only decided on count-back. 37 pts were scored by the prize winners with Su Calver and Bob Barnes in 1st place with the best back nine. In 2nd place were newly returned after a knee injury Jan Dickinson playing with John Frith and 3rd place Lesley Farley and "keeping it in the family" John Dickinson. Su Calver gave the vote to thanks

Senior Section
The rain stopped just in time for the early birds to tee off in the Seniors Texas Scramble, but from then onwards the sun shone and there were no excuses for poor play. Unfortunately not everyone played their best, but the later tee-off crew of John Ayland, Ron Armitage and Peter Blake (again) put in the best performance and returned a net 61.8. Perhaps the Captain should make everyone play six tee shots instead of 5 - that would have afew worried.

Runners-up were David White, Mike Watts and Brian Morrison with a net 63, followed by Bill Eaton, Howard Clark and Bob Graham. The team of Tom Tunncliffe, Bill Spice and Chris Street took the last prizes. Bob Underwood, the DMVGA representative took the opportunity to present liquid prizes to Stan Squires and Fred Thomas for winning the Norman Barker knock-out Trophy.

AXE CLIFF with Helen Kenworthy

The Axe Cliff Seniors played a net event this week. The teams of three were asked to count one score on the first six holes, two scores on the second six and all three scores on the final six holes.

With the course looking really good after all the recent work scoring was expected to be close with the blustery wind proving to be a considerable factor. In third place were Gerry Turner, John Pugh and Malcolm Glass with 66 points. The "dream" team of Tony Strong, Peter Knighting and John White could only manage second place with 73 points as they were pipped by last year's winners Alan Vincent, Sid Pember and Nick Povey with 74 points. They retain the Silver Salver for another year - keep it polished guys! There were only two twos by Rob Heard and Alan Vincent.

The Men's scores were very impressive for the October Medal Comp. Div.1. 1st Alex Palmer net 66pts, 2nd Anthony Hellier net 67pts and 3rd Stuart Mackie net 69pts. Div 2. 1st Geoff Greenslade net 66pts, 2nd Matthew Donnan net 67pts and 3rd Cyril Hellier 68pts. There were six twos Nigel Prichard, Jin Hong, Alan Kenworthy, Peter Peterbridge, Alex Palmer and Mike Cottam.

orienteering east devon

Local juniors in regional squad

STUDENTS from Colyton Grammar School, The Kings School and Sidmouth College were part of the SW Junior Orienteering Squad which took part in the recent Inter Regional Orienteering Championships in The Lake District.

Meg Somers and Dom Walker, from Payhembury and Flurry Greirson from Ottery St Mary ran in the W14 & M14 category respectively. Dulcie Greirson from Ottery and Emily Keenan from Sidmouth ran in the W16 category. Jonty Eaton Hart from Payhembury ran in the M16 Category and Ellie Stone from Colyton and Grey Greirson from Otter were in the W18/M18 age category.

This is the major competition in the SW Regional Squad calendar. Each region takes in turn hosting the event. The lakes was going to be a technical challenge for some who have not orienteered in this area before.

Day one, was the individual races on Graythwaite where the terrain is technical throughout, with good variety. It is also tough and physical, so physical fitness was tested as well as technical ability.

All courses visited the western slope with wonderful runnable orienteering. All courses also visited the challenging central area of forest. This is low visibility conifer plantation, hiding complex rock and marsh terrain.

The M/W18 and M16 courses also visited the eastern slopes with some great terrain, but also extremely rough in places. Bracken was bit of an issue slowing progress on some who chose open areas as a route choice.

Orienteering requires you to navigate you way around a course in the quickest possible time with the aid of the orienteering map with your course marked on it and a compass.

Meg, on debut, achieved 8th on her

course, completing the 3km course and 145m of climb in 40.43 minutes. Frankie took 54.19 minutes & was 20th.

Flurry had an excellent run coming 6th on the 3.7km course with 190m of climb in 40.27minutes and Dom was 33rd with a time of 94.44mins on the same course.

Dulcie and Emily were both on the W16 course doing 3.6km with 155km of climb with a more technical challenge than the 14s. Emily was 11th in 54.56mins and Dulcie 17th in 63.44mins.

Jonty was on the M16 course which was 4.5km with 215km of climb he came 23rd in 78.59 mins.

Ellie had made the journey with the Welsh squad as she is now studying in Carmarthen, she was 19th on her course of 4.7km with 255m of climb. Grey was 17th on the 5.9km course with 360m of climb in 76.12mins.

Sunday was the Relay Day at Roanhead near Barrow which is an area of technical sand dunes.

The organisers had cleverly set up the start, handover point and finish on the inside of a massive sand dune crescent. The crescent sand dune could be climbed to view the mass of dunes and marshes beyond in the competition area. A few controls were visible from here making the relay competition an excellent spectator event as well.

The SW and most other regions had four teams. The race starts with a mass start of the W16 followed by the M16.

All courses are gaffled, which means that although the courses are all the same length they will have some controls the same and some different to the others in the race.

It makes it very exciting but also means there is more chance of runners miss punching by going to an incorrect control. There is one from each age

group in a team.

Emily, Millie (from Bristol Orienteering Club-BOK) and Ellie were 12th overall.

Another SW team came 5th and the other two had a miss punch among the team. Meg, Frankie and Dulcie (who was running up as a W18) had very good legs for their team.

The boys relay of Jonty, Joseph from BOK and Grey also were 12th overall. Another SW team finished 7th, James, Dom and Fraser (from Wimborne OC) finished 20th and the other team, with Flurry on the middle, had a miss punch on the last leg, they would have finished 8th!

That is the nature of the sport and why it is so important to check control descriptions numbers!

If you would like to try this exciting adventure sport Devon Orienteering Club hold coaching sessions in East Devon on Friday evenings in various locations.

Take a look at their web site <http://www.devonorienteering.co.uk>. If you have any questions contact Tess Stone on 10297 553421 email: plum.pebble@gmail.com.

Bramley Family take on Munich

AXE VALLEY RUNNERS

with Dave Mutter

THE Bramley family thought it would be a good wheeze to run in some races a little further from home than normal, so off they trotted to Southern Germany where Roger, on a perfect autumn day, completed the Munich Marathon in a superb time of 3:47, 2049th out of approx. 7,500 runners. Young Hanna finished the 10k in 50 mins, 4th in her age group while mum Crista finished the 10k in 1 hour 9 mins.

Slightly nearer to East Devon Graham Newton ran the Mendip Muddle, a 20k race of pure off road joy. The route took the runners through woodlands, along river banks and over the Mendip Hills and far away. Graham was pleased to finish 70th out of a field of 300 in 1:48:14, winning the over 60 male vet prize.

Strong runs at Studland Stampede

HONITON RUNNING CLUB with Judy Davey

SEVERAL Honiton runners took a mini bus to beautiful Studland in Dorset to take part in the Studland Stampede 12k race last Sunday. This is a tough off-road race that takes runners over heath land and sandy beaches offering stunning views of Old Harry Rocks, Brownsea Island and the Isle of Wight.

The race is fairly flat but the last 2 ½ miles is particularly tough with runners having to cope with soft sand in the dunes and then 2 miles of beach back to the finish. The race was won by Andrew Ridley in a time of 45 minutes 55 seconds and the first back for Honiton was Kevin Hawker who came 6th in 48:08. Tom Borner is a regular at this race and he came 35th in 54:47. Rod Inglis had yet another great race to finish 41st in 55:22 and he was followed by Steve Davey who came 55th in 56:51. Howard Bidmead had organised the club outing and he was delighted with his race to come 82nd in 58:57. Stephen Boyes had overtaken Judy Davey on the sand dunes and he did well to come 91st in 1:00:17 with Judy coming 6 places and 37 seconds later. Nick and Sandra

Thorpe couldn't remember the last time they had raced so they were pleased with their finish positions of 296 and 368 respectively with times of 1:14:08 and 1:19:56. Gerry Evans enjoyed his race coming 407th in 1:25:29 and Wendy Williams took a tumble bruising her leg as well as her ego. She finished 424th in 1:29:39. There were 446 finishers. Upon their return, finishers were given a wonderful goody bag packed full of beauty products, flapjack and jam!
